Scratch-Foam Metallic Prints - Project #138

Project Statistics
Age Range: Elementary &Up
Time: 1-3 Class Periods
Difficulty: Moderate
Cleanup: Soap &Water

General Materials:
- Ball Point Pen

Directions:
Step 1: Draw on the Scratch-Foam Board with a ball point pen. Keep in mind what you draw will remain black, plus, the negative space and the design will be backwards when you print it (especially important if words are used).
Step 2: Place pewter ink in tray and ink brayer. Now ink the Scratch-Foam Board. Place black paper on top of Scratch-Foam Board and burnish to print. Remove paper.
Step 3: While print dries, wash ink off of the Scratch-Foam Board and then dry it with a paper towel. Next add additional details with the ball point pen. Remember that where you draw this time the pewter will show through and all of the areas that you don't draw will be a new color the next time you print.
Step 4: Print the design with copper ink following the directions in Step 2.
Step 5: Repeat Step 3 adding the final details.
Step 6: Print the design with gold ink following the directions in Step 2.

Step 1

Step 2

Step 4

Step 6

Products Used:
Scratch-Art Mixing Trays (SAC-00170)
Tru-Ray Super Heavyweight Fade-Resistant Sulphite Construction Paper - 9x12", 50 sheets, black (P-103029)
Speedball Pop-In Soft Rubber Brayer (SAP-4117)
Speedball Water-Soluble Block Printing Ink - 5 oz. tube, metallic gold (SAP-3613)
Speedball Water-Soluble Block Printing Ink - 5 oz. tube, metallic silver (SAP-3614)
Speedball Water-Soluble Block Printing Ink - 5 oz. tube, metallic pewter (SAP-3615)
Speedball Water-Soluble Block Printing Ink - 5 oz. tube, metallic copper (SAP-3616)
Scratch-Art Scratch-Foam Boards - 6x9", 30 sheets (SAC-00186)
Scratch-Art Scratch-Foam Boards - 9x12", 48 sheets (SAC-00187)
Scratch-Art Scratch-Foam Boards - 9x12", 12 sheets (SAC-SCF)
