

Cézanne-Inspired Still Life Monoprint

Supplies Needed

- Mixed Media Art Paper - 9x12"
- Graftix Dura-Lar Wet Media Film - 11x17"
- Prang Classic Art Markers
- Sponges
- Scissors

Step 1

Cut an 11x14" sheet of Dura-Lar Wet Media Film in half so that each piece measures 11x7". Use Prang Markers to draw a still life design, in the style of artist Paul Cézanne, on the Dura-Lar Wet Media Film. (Wet Media film allows you to draw on it.) Note: The final print of the design drawn will be backwards.

Step 2

Wet a sponge with water and evenly dampen the smooth side of a 9x12" piece of mixed media art paper. Dampen the paper thoroughly but make sure there are no puddles.

Mixed media art paper has sizing that keeps the marker from soaking in and the colors stay vibrant.

Step 3

Holding the Dura-Lar film by the sides, center the design over the mixed media art paper, with the marker side facing down. Place the film on the paper making sure there are no air pockets. Gently rub the film. Make sure the entire image is printed on the paper.

Remove the film and allow the paper to dry. Note: Edges of paper can be trimmed, if desired.

Cézanne-Inspired Still Life Monoprint Project Kit

Web Project 160

60-Project Set—Enough supplies for 24 students to make up to 60 Cézanne Monoprint Projects. Includes 12-sheet pad of 11x14" Graftix Dura-Lar wet media film, 60-sheet package of 9x12" mixed media paper, 4-count package of 3x4" Miracle sponges, 96-count package of Prang washable art markers, 96-count package of Prang fine line markers and an instruction sheet. You will also need water and scissors or a paper trimmer. Prang markers are AP Seal, non-toxic.
