RE: Safety & Compliance Drawing Products

Response to Requests for: SDS (*Safety Data Sheets*)

To Whom It May Concern:

- *"This product is not considered to be or to contain hazardous chemicals based on evaluations made by our company under the OSHA Hazard Communication Standard, 29 CFR 1910.1200."*
- All products offered by GENERAL PENCIL COMPANY are considered either: a) articles b) office products and/or c) consumer products and are exempted from the requirements of the Standard(s) and do not require SDS (*Safety Data Sheets*) (unless otherwise noted)
- Attached is further information on the SDS (*Safety Data Sheets*)
- Attached please keep in your files, the MSDS (*Material Safety Data Sheets*) that are required for consumer products.
- All paints are tested for safety and quality and are approved by the WIMA - Writing Instrument Manufacturers Association and PMA - Pencil Makers Association.
- There is no lead in General's® wood cased pencils produced and manufactured in our Jersey City, NJ factory. Pencil cores are actually made from graphite materials.
- General Pencil Writing and Drawing Instruments are made in the USA in our Factory in Jersey City, New Jersey, and are tested for quality and safety. Our products are labeled as: Conforms to ASTM-D4236.
- These seals provide the Safety statement: Conforms to ASTM-D4236.

- PMA SEAL:

General Pencil products are intended for proper art use for artists and professionals, ages 14 and older.

Should you have any questions, please feel free to email Info@GeneralPencil.com or fax your inquiry to 650-369-7169.

Sincerely,

Katie W. Vanoncini
President
