

United Art & Education®

Kiln Specifications Form

Form must accompany each order for processing a Kiln

The following information is required to ensure that the electrical equipment on your order corresponds with the required specifications of your facility. To ensure the kiln is compatible with the building's electrical requirements, we recommend consulting with a qualified electrician or building specification authority before completing this form.

Sign and Date:

Your signature confirms the above specifications are correct for your requirements. If a kiln has to be returned due to incompatibility, neither United Art & Education nor the kiln manufacturer will be liable for return charges acquired, nor any restocking fees the manufacturer may charge as a result of the return. To ensure the warranty is not voided by unclaimed damages which may occur during shipping, please be present when kiln is delivered and follow all guidelines outlined within the information shipped with the kiln.
